ON TAP

Calgary's best craft beer producers are now found at the Den!

Beer	IBU	ABV	Pint (16oz)	Jug (55oz)
Village Brewery "Village Blonde" Golden Ale	15	4.5%	\$7.50	\$24
Clean, crisp golden ale. Dry palate with slight hop, and a smooth finish.				
Banded Peak "Mount Crushmore" Pilsner	26	4.4%	\$7.50	\$24
Welcome to the beer version of spring skiing. Effervescent like champagne powder and eminently crushable like hard-charging fresh tracks at the local hill on a sun drenched weekday morning. Fermented cold and conditioned for guaranteed crispiness. You have arrived at the pinnacle of pilsner.				
Ol Beautiful "Pegasus" Pale Ale	45	5.4%	\$7.50	\$24
A dry hopped American-style Pale Ale that showcases fresh and aromatic Simcoe, Amarillo, and Cascade hops. Expect an upfront citrus aroma and flavour, which gives way to its resinous, floral undertones. A noticeable malt sweetness adds body to the beer and brings balance the beer's hop forward character.				
HI-FI Hazy IPA	30	6.7%	\$7.50	\$24
Hazy IPA combines a perfect trio of Mosaic, Azacca, and Cashmere hops to create a super soft and juicy IPA with notes of all the tropical aromas that you're craving.				
Tool Shed "Red Rage" American Red Ale	32	5.6%	\$7.50	\$24
Dark red, roasty like coffee, toasty like fresh bread and makes your mouth water for more. Enough hops in to remind you what they're capable of. This ale is medium-bodied and easy to drink.				
Village Brewery "Village Squeeze" Raspberry Lemon Ale	12	4.8%	\$7.50	\$24
A balanced ale with light additions of lemon zest and fresh raspberries. Squeeze features sweet malty notes and herbal hop aroma. It is a beer first and foremost, with subtle compliments from the fruit.				
Wild Rose "Barrack's Brown" Brown Ale	25	5%	\$7.50	\$24
Barracks Brown is a dark yet approachable, crisp yet smooth, highly drinkable brown ale with notes of espresso and cocoa.				
Rotating Tap			\$8	\$25
We rotate our tap regularly. If there is a beer you'd like to see here, please email us at theden@su.ucalgary.ca . If your beer is chosen, you could win a gift certificate to the Den.

IBU (international bittering unit) is important when it comes to selecting the type of beer that is right for you. The IBU scale measures the bitterness levels in beer (based on the amount of hops added). This scale can be tricky, however, because higher IBU levels do not always equate to bitterer flavour.

ABV (alcohol by volume) is the standard measurement to assess the strength of a particular beer. The ABV scale is simple in the fact that the higher the ABV, the more alcohol that beer contains.
